. Launching a Wordpress site on the S7 or S7 Edge? Here are 6 things you need to know. Patch Files and Apps. The second listing is the newest one while the second.Q: Get JSON data to jQuery template I want to get data from my external API and populate my data into a template

---

from jQuery. I have done this before by doing something like `$.getJSON("/api/test/testdata.json")`. This does not work with templates, what is the way to handle this? The string I get from the API `{"output":"foo"}` A: Using templates is not the answer here as the structure of the json is not known or accesible using template engine.

---

Take a look here how to build your own web service using Web Api and here for getting json as a value. Q: jQuery UI button not working inside of a jQuery dialog Why won't my jQuery UI button work inside of a jQuery dialog? The button isn't even showing up at all. This works: `$(document).ready(function(){ $("#dialog").dialog({`
