
Evermotion Archmodels Vol 103 Free Download FULL

Download

Description. Archmodels vol. 103 includes 80 low poly night skyscraper models with textures, shaders and materials. It's ready to use, just plug it in. C4D and run in the editor. Textures. Models vol. 103 uses 3D textures that you can create in Maya. To get 3D texture data, from the Edit menu choose Texture Navigator. In the window that appears, select the Options menu, then select the Modify tab and click the Layout button. In the window that appears, select the button with the image of the color palette. Using the settings set in the Layout window, you can create different textures. The options are described below.
