Other than that, the update to the item costs is mostly bug fixes. Thanks for using my calculator! If you have any feedback please use my contact page or email me.Q: How to make a black colored figure in grffile? Is it possible to have a black colored figure in grffile (and why it isn't possible). In fact, I used the following command :  
`\begin{figure}[!ht] \includegraphics{figure} \end{figure}` I'd like to get something like : A: I would not use figure for this. The line `\usepackage[inline]{grffile}` is useless as grffile has no effect with inline mode. Also it is not recommended to nest a graphic. This works for me:

```
\documentclass{article} \usepackage{graphicx} \usepackage[inline]{graphicx} \begin{ 2edc1e01e8
```
